12 Reasons why it's best to buy your next computer from Lasar Computers

1. **Money Back Guarantee** We are so confident that you will be satisfied with your new Lasar computer system that we will cheerfully refund the full purchase price if you are not completely happy with your new Lasar Computer System in the first seven days. This warranty applies to all Lasar standard computer systems. Simply return the item in its original packaging in as-new condition.
2. **Try after you buy.** Not sure if you want that 17" LCD Screen or the 19" Monitor? With our "Try after you buy" offer you can try an item for a week to see if it suits your needs. If you find that you would prefer a different item then we can arrange a swap for only the difference in price. This offer is available on all purchases of Lasar standard computer systems; simply return the item in its original packaging in as-new condition.
3. **Easy Payment Options.** Purchasing of your new Lasar Computer System has never been easier. We accept a wide range of payment options for your convenience, including Cash, Cheque, EFTPOS, Visa, MasterCard. For people who prefer financing, we are an authorised Flexirent agent, and can offer attractive rates and tax-effective financing.
4. **Training.** We can think of nothing worse than investing in new technology and then not knowing how to get the most out of it. Lasar Computers offers training on a vast range of subjects including an Introduction to Computers, Effective Internet Use, Microsoft Word and Excel, Web Page Construction, and many more. Your purchase of a new Lasar Computer System automatically entitles you to 20% discount on all our training sessions for the first 12 months.
5. **OEM Software.** OEM (Original Equipment Supplier) Software is priced at up to 50% less than the full retail price. Many Microsoft products such as Windows, Office and the Microsoft Works Suite are available.
6. **Technicians on site.** Sometimes computers fail. When they do, you don't want to be left stranded. Whether under warranty or not, let us worry about getting your equipment fixed. Our technicians may be able to fix the problem right away or if it needs to go to the manufacturer we'll take care of the details. Most repairs are completed in our workshop in under 2 days.
7. **Custom configured systems.** Built by a our in-house Technicians all Lasar Computers systems are assembled using only high quality, reputable components. Our goal is not to make the cheapest box on the market. We want you to have a quality machine, at a reasonable price, that you will get many years of enjoyment from.
8. **No high pressure sales.** Come down to the store and speak to our friendly, helpful sales staff or send us a fax or email with your requirements and we'll take care of the rest.
9. **Pick it up or have it delivered.** If you need it in a hurry, our store is open for pickup Monday to Saturday and is conveniently located in the centre of town. If you don't want the hassle, let us know and we'll ensure that it gets to your doorstep.
10. **The name brands you want.** Our Purchasing Department is always looking for the products you want and negotiating the best deals with our suppliers. Whenever possible we buy directly from the manufacturer for savings that we pass along to you.
11. **What you want when you need it.** We may not keep a lot of inventory, but we do try to have what you need. Whether your printer runs out of toner, your monitor dies, or you need Adobe Photoshop yesterday, we are here for you. If we don't have what you need in stock we'll order it today and unless it is backordered at our supplier, it will usually be here in a day or two. We are your store. Tell us what you would like to see us have in stock for you.
12. **We save you time.** As we are conveniently located in the centre of town, there's no need to waste hours traveling to Perth. Should you wish to speak to someone or have work done on your computer, we're here for you.
